# Project Title: "Exploring Exciting Topics: PowerPoint Adventures"

Objective: This project aims to provide third-grade students with an opportunity to practice using PowerPoint while learning about important topics. You will have fun creating PowerPoint presentations about one of the following topics:

1. What it takes to be a good person.
2. Why school is important.
3. My Dream Vacation.

Additionally, you will gain valuable public speaking skills as you present your PowerPoint to the class as an English exam.

Project Description: Choose one of the exciting topics mentioned above and create a PowerPoint presentation to share your thoughts and ideas. This project will help you become familiar with PowerPoint's features, such as creating slides, adding text, inserting images, using transitions, and adding animations. Furthermore, you will have a chance to showcase your English language skills by presenting your PowerPoint to the class.

Duration: Approximately 2 -3 minutes.

Detailed Instructions:

1. Research (30 minutes): Select one of the three topics that interests you the most. Spend some time researching information related to the topic you've chosen. Take notes on key points, facts, and examples that you find interesting and want to share in your presentation.
2. Slide Creation (30 minutes): Open PowerPoint and create a presentation with five slides:
  - Slide 1: The first slide will be the title slide. Write your name, grade, and the topic you've chosen.
  - Slide 2: Introduce your topic and explain why it is important to you.
  - Slide 3: Share three important points or ideas related to the topic. You can use text and images to express your thoughts.
  - Slide 4: Provide examples or stories that illustrate the importance or impact of your topic. Use images and text to make it engaging.
  - Slide 5: Create a conclusion slide where you summarize your main points and express your final thoughts.
3. Addition of Text and Images (20 minutes): Add the information you've gathered to each slide. Make sure the text is clear, easy to read, and free from any spelling mistakes. Insert relevant images that support your ideas and make your presentation visually appealing.
4. Transitions and Animations (10 minutes): Add transitions between your slides to make them change in an interesting and smooth way. You can also add animations to make text or images appear in a fun and engaging manner. Remember to use these features wisely, so they enhance your presentation without becoming distracting.

5. Presentation and Public Speaking (English Exam): Prepare yourself to present your PowerPoint to the class as part of an English exam. Practice speaking clearly and confidently. Remember to maintain eye contact with your audience, and try to engage them during your presentation. You will be assessed on your ability to present your ideas effectively in English.

#### Assessment Rubric:

This rubric focuses on how well you used PowerPoint, the content and organization of your presentation, as well as your public speaking skills.

- Slide Creation (20 points): Did you create all the required slides? Are the slides appropriately titled and relevant to the topic?
- Text and Image Addition (20 points): Is the text clear, readable, and free from spelling errors? Are the images relevant, well-positioned, and visually appealing?
- Use of Transitions (20 points): Did you add transitions between your slides? Are the transitions appropriate and enhance the flow of your presentation?
- Use of Animations (20 points): Did you use animations to make your text or images engaging? Do the animations enhance the understanding of your ideas?
- Overall Organization (20 points): Is your presentation logically structured, with a clear introduction, main points, examples, and a conclusion?
- Public Speaking Skills (English Exam) (20 points): Did you speak clearly and confidently during your presentation? Did you maintain eye
